

TAP INSTEAD OF TYPE

Why It's Better:

- Hardware-based = phishing-proof.
- Works across laptops, desktops, and browsers.
- Portable—carry it on your keychain.

01.

Plug in your security key
(USB, NFC, or Lightning).

GUIDE

Follow IT's registration
guide to link it to your
work account.

02.

03.

During login, just tap the
key when prompted.
